Course Introduction

The Graduation Project is a substantial piece of research that students are required to complete in order to graduate. Under the supervision of course instructors, students will make use of previous courses in terms of methodology and content, and put together a complete research proposal for their graduation.

Course Introduction

Throughout the process, students will benefit from the feedback and guidance of course instructors in three main fields (linguistics, translation and literature). The process gives students a hands-on experience in designing substantial projects and applying their analytical and problem-solving skills in a professional manner.
