Some people go to work each day and then come home. They spend time with their family and friends. Maybe they watch TV or go to a movie. Sometimes they **exercise** or read. This is their life. But for other people, this is not enough. They look around their neighborhoods and see people with terrible hardships: sickness, loneliness, and homelessness. Other people see problems with the environment. Many people want to help. They **volunteer**. They give some of their time to help others.

Volunteers help in many ways. Some visit sick and lonely people. Some give **their** friendship to children without parents. Some build houses for homeless people.
