: Abstract

That most of the problems of confusion and stuttering during our conversation in English and lack of fluency and confidence when our conversation due to the lack of exercise always talks on a daily basis. And cannot be some that he does not find speaking an original English language, and in this paper, I will discuss the possible solutions that could be a solution to a key or a substitute for it and will use a number of ways, God willing, will be for interested in learning the English language, and the reader will find what he wants.

: Introduction

We all notice that a lot of us, even though they specialize in English, but they do not speak it fluently and confidently, and why it is not due to weakness or ignorance never even said the reason was due to the lack or absence of the daily practice of the English 3

language and the talents and knowledge they have and install the information they have learned and will they learn in the future and during different daily events .

In this research, God willing, we will look to the solutions proposed to speak in English, even in the absence of a speaker genuine ligenuine us or near us .

Literature review

During my research I found in researching Google famous study of *Lady faith Bukhara* the importance of Internet use in the English language in general and especially where she talks (the importance of the use of English language teaching sites on the Internet to improve The skills of listening, speaking from the perspective of supervisors and secondary school teachers in Jeddah also aims to identify the

The difference between the views of the sample of the study about the importance of Usage depending on the following variables (variable age, educational level , Function, years of experience, the number of sessions that have attended them .)

, I. (2011, August 16). The importance of using the English language education sites on the Internet to Bukharateachers and supervisors secondary school in improve the skills of listening, speaking from the perspective of , 2014, from .RetrievedMay3Jeddah.

I support it from the beginning that he should be attention for the young and the introduction of technology and the Internet in education because it helps to talk to English-language daily .

In an daily writer called himself *Mahmud* Mounihimself at the site of the computer world in which he said (you will need to practice the language and find someone to talk to him in English, and were not state that you are online where by foreigners from different countries will suffer from finding a partner for you and you should note that the identify the foreign tourists this matter wonderful Sorehead too so you can go to tourist sites and to identify the tourists they basically have their purpose of the visit is to meet people of other nationalities and cultures , and also you're useful for them because you know Arabic and will help them a lot , make sure absolutely that they Sorehead so There is no need at all to shame ! , and that you are someone who does not want it , you can also talk through the computer through Skype software and start racing to use the site Livemocha to search for a partner for you , you can search for a person whose primary language is English and learn Arabic so that you help him to learn Arabic , which helps in learning English . , and you can also search on Google for people who speak with you through Skype what Most of them ! example simple this page by several people and leaving the account Alskaab their either we are adding

them and talk to them , or are you leaving your account on Skype in order to add you people to talk with you .) Mounir, M. (2013, March 22). How to learn English through the computer in wd.com/ -. Retrieved May 4, 2014, from <http://www.computerthree months. 4>

I am personally convinced opinionated and I must opinionated we as learners of the English language that we practice and take advantage of the new technologies developed .

Fluently: Speak English

I agree with you in their suggestions and try to apply it on a daily basis in fact.

In the book and how to ask and answer in English, said the writer, a professor Fahd Al-Horthy said Moffat gathered is then used in sentences

Used in evesentences.version.

: of Research Significance

I will review here and share with you dear readers on several proposals for effective and useful alternatives Stanajunha the absence of genuine spokesman for the English language is always near you, and ALLAH willing, you will succeed in it .

ResearchQuestions

How many times have practiced in the English language today?

Do you find a speaker near you in English as their mother tongue?

Did you find alternatives for someone who speaks the language with you?

In your opinion, how important is the daily practice of the English language?

Research Methodology:

I will hold this research on a large sample of students attending and Associates, both within Saudi Arabia or from scholarships and Sigma results Alastbouapanat about their solutions and reasoning in the practice of the English language on a daily and how they are over this problem and offer my suggestions useful.

Ethical Consideration:

We will take into account the participants' agreement with us in interviews and questionnaire's anonymity and whether or not to publish their pictures, and we will respect their opinions and thank them for helping us. 5

Limitations of the study:

Deficiencies will be in communication with the questionnaires and opportunities for students to respond and also a lack of research that discuss the same topic and looking for viable solutions and the length of the period of research and information gathering.

Expected Results:

According to the questionnaires, my effort and found that one of the reasons poor communications in English daily - the absences of their mother tongue speakers of English are close to the students. Lack of practice in public places or uttered.
