I worked hard to learn the language. I spent five hours in English class every day and two hours on homework. This was very tiring, so I didn't have much energy for other things. Mostly, I was homesick. I missed my friends and family. I stayed in my apartment all weekend and was depressing. Slowly, things got better. I began to make friends and to go places. My English got better. I began to understand the customs. Now I'm interested in life again, and I'm much happier.
