اللغة الإنجليزية وتقنية المعلومات

اسئلة اختبارات سابقة لمقرر (اللغة الإنجليزية وتقنية المعلومات) - تم إفراد اسئلة كل محاضرة بجدول منفصل -د. عبدالله الفريدان الفصل الثاني ١٤٣٦-١٤٣٧ هـ

نسخة **محلولة**

ملاحظات:

- الأسئلة التي تم حلها هي من اسئلة الفصل الثاني لعام ١٤٣٣ ١٤٣٤ هـ حتى الفصل الأول لعام ١٤٣٥ ١٤٣٦ هـ، من نفس الدكتور .
- لعدم وجود تصوير للفصلين الماضيين (الفصل الثاني ١٤٣٥-١٤٣٦هـ، والفصل الأول ١٤٣٦-١٤٣٧هـ)، جلبت ما وجدت من اسئلة من موضوع الانطباع عن الاختبار.
 - قد تظن من الوهلة الأولى أنني قد أخطأت بتكرار بعض الأسئلة، لكن أن دققت أكثر سوف تلاحظ أن السؤال قد طرى عليه تغيير أو الخيارات أو كلاهما معاً.
 - تم ترتيب الأسئلة المتشابهة بشكل متتابع؛ حتى نرى كيفية التلاعب بخيارات الأسئلة، وكذلك لتأكيد أن الإجابة التي أخترتها هي الصحيحة بمقارنتها بالأسئلة الشبيهة.
 - النجوم الثلاثة (***) تعني أن هذا الجزء مفقود سواء من عدم وضوحه بالتصوير أو لم يكن بحدود إطار التصوير.

Question		Note
	Lecture 01	
001. 'CAL	L' stand for	
А.	Case application language learning	
В.	Computer assisted language learning	
	Communication aided language learning	
	Cable assessment language learning	
	obreviation 'CALL' stand for	
	Case Application Language Learning	
	Cable Assessment Language Learning	
C.	Computer Assisted Language Learning	
	Communication Aided Language Learning	
	obreviation 'CALL' stand for	
	Computer Assets Lasagna Leaning.	
	Computer Assisted Luggage Loaning.	
	Consumer Assisted Logging Loaming.	
D.	None of the above.	
	opment, usage and evaluation are	
	important stage in the CALL process	
	Expensive types of drinks	
	Necessary tools for travelling abroad	
	All the above	
	blowing terms: Development, usage and evaluation represent	
A.	important stage in the call process.	
	expensive types of drinks.	
C.	necessary tools for travelling abroad.	
D.	all the above.	
	lopment, usage and evaluation" represent	
A.	unimportant stages in the CALL braces.	
B.	import stagers in the CAR process.	
C.	important sages in the CALL recess.	
D.	None of the above	
	, development, and evaluation are	
	unimportant stage in the CALL process.	
B.	designing textbooks software	
C.	necessary tools for travelling abroad	
D.	none of the above	
008. Think	ing about Designing CALL materials is similar to thinking about	

А.	Designing a car	
В.	Designing a house	
C.	Designing textbook	
D.	Designing clothes	
009. Thinki	ng about Designing CALL materials is similar to thinking about	
А.	designing a textile.	
В.	designing clothes.	
C.	designing a house.	
D.	designing textbook.	
010. Thinki	ng about designing CALL materials is similar to thinking about	
А.	designing textbooks.	
В.	designing textbacks.	
C.	designing textrooks.	
D.	designing tripletbooks.	
011. The his	story of CALL goes back to	
А.	The era of Dinosaurs	
В.	The era of Ice Age	
C.	The era of Powerful Macs and PCs	
	The Age of stones	
	story of Computer assisted language learning shows that CALL goes back to	
А.	the era of Dinosaurs.	
В.	the era of Ice Age.	
C.	the era of Powerful Macs and PCs.	
	the Age of stones.	
	story of Computer assisted language learning shows that CALL goes back to	
А.	they are Powerful Man and PCs.	
В.	the era of Powerful Macs and PCs.	
C.	the era of bar that is full of Macs and PCs.	
D.	the era Powerless Macs and CDs.	
	ALL history goes back to	
А.	The era of Powerpoint Machines and PCs	
В.	The era of Powerpoint slides and PCs	
C.	The era of Powerful Man's PCs	
D.	The era of Powerful Macs and PCs	
	Lecture 02	
015. The cr	iteria of Chapelle's (2001) evaluation scheme include	
A.	language learning potential	
B.	learner fit, meaning focus, and positive impact	
21		
2	iSeeU P.q (05	9-04-2016)

C.	authenticity and practicality	
С. D.	All the above	
	se the incorrect sentence.	
A.	The criteria of Chapelle's evaluation scheme includes language learning potential and practicality.	
B.	The criteria of Chapelle's evaluation scheme includes learner fit, meaning focus and authenticity	
C.	The criteria of Chapelle's evaluation scheme includes focus, positive impact and practicality.	
D.	The criteria of Chapelle's evaluation scheme includes negative impact, and invalidity.	
•	elle's (2001) evaluation scheme involves	السرَّ ال جاء بأسئلة الفصل الثاني لعام ١٤٣٥ -
A.		المتوري بو بلغت المسلى الملي عام ١٤٣٦ - ١٤٣٧ هـ.
B.	learner fit, meaning focus, and positive impact.	صيغة السؤال خطأ، فما فيه إجابة صحيحة.
C.	authenticity and practicality.	لکين ان جاء بنختار D
D.	teaching different language.	على إن جام بنصار مر على أساس ما فيه غير هو خطأ من الخيار ات.
D.	teaching unterent language.	على المعامل ما ليه علين من علم الميورات. ونرفع شكوى أكيد نن،،
018 UUE	G is an example of CALL software. It mainly facilitates learning	
A.	Meaning of words	
B.	Part of speech	
С.	Synonyms	
D.	Grammar and structures	
	JUEG software can mainly be used to	
	facilitate learning garments and textures	
B.		
C.	facilitate learning grammar and structures	
D.		
	JUEG software mainly facilitates learning	
A.	~	
B.	Gamma and alpha	
C.	Gamma and scriptures	
D.	Grammar and structure	
	elle (2001) argues that CALL evaluation should be carried out using	
· · · · ·	SLA theories	
B.	FLA theories	
C.	All LA theories	
D.	Third LA theories	
	elle (2001) shows that	
	CALL evolution should be cried by using SLA theories	
B.	CALL evaluation should be carried out using SLA theories	
C.	CALL evaluation should not be carried out using any SLA theories	
D.	CALL evaluation should be carried out using conspiracy theories	

023. Chapelle argues that should be carried out using the theories of sec	ond language acquisition.
A. CALL evolution	
B. CALL evection	
C. CALL evasion	
D. <u>None of the above</u>	
024. There are two stages in Chapelle's (2001) evaluation. These are	
A. Usage and evaluation	
B. Implementation and assessment	
C. Judgmental and empirical	
D. Subjective and objective	
025. The two stages in Chapelle's (2001) evaluation are	
A. nonjudgmental and unempirical	
B. jurisprudence and comical	
C. judgmental and empirical	
D. juridical and epical	
026. There are two stages in Chapelle's (2001) scheme which are	
A. the metal stage and imperial stage	
B. the jurisprudence stage and principal stage	
C. the adjudicator stage and imperious	
D. the judgmental stage and empirical stage	
027. In the, Chapelle (2001) analyses the software using two levels: the	program and the teacher.
A. judgmental stage	
B. empirical stage	
C. designing stage	
D. teaching stage	
I	Lecture 03
028. According to Chapelle (2001 p52): 'Evaluation of CALL is a argum	nent'
A. situation-specific	
B. animal-specific	
C. Arabic-specific	
D. English-specific	
029. Chapelle (2001 P: 52) showed that 'Evaluation of CALL is a argur	nent'
A. situation-specific	
B. animal-specific	
C. Arabic-specific	
D. English-specific	
030. According to Chapelle (2001 P: 52)	
A. 'Evaluation of CALL is not a situation-specific argument'	
4 iSeeU	(09-04-2016)

В.	'Evaluation of CALL is a situation-specific argument'
C.	'Evaluation of CALL is a situation-specific garment'
D.	'Evaluation of CALL is a situation-specific grammar
	elle shows that 'Evaluation of CALL is a
А.	situation-general argument
В.	citation-specific argument
	situation-specific document
	situation-specific argument
	annot really evaluate a CALL software without also thinking of how this software will be used in the
A.	learning and teaching process
В.	eating and digestion process
C.	sleeping and thinking process
D.	None of the above
033. A CA	LL software is evaluated with thinking of how this software will be
	used in the sleeping and thinking process
В.	used in the eating and digestion process
C.	used in the learning and teaching process
D.	None of the above
034. Evalu	ation a CALL software <i>after</i> the program has been acquired and used with some learners, involves the question of
А.	whether this software was a success and the action is to use it or not with current or other learners.
В.	whether to buy this software or not
C.	what learners it would suit
D.	
	All the above
035. The e	valuation a CALL software <i>after</i> the program has been acquired and involves
035. The e	valuation a CALL software <u>after</u> the program has been acquired and involves the question of what type of learners it would suit
035. The e	valuation a CALL software <u>after</u> the program has been acquired and involves the question of what type of learners it would suit the question of whether this software was a success and the action is not to use it at all with current learners.
035. The ev A.	valuation a CALL software <u>after</u> the program has been acquired and involves the question of what type of learners it would suit
035. The ev A. B.	valuation a CALL software <u>after</u> the program has been acquired and involves the question of what type of learners it would suit the question of whether this software was a success and the action is not to use it at all with current learners.
035. The e A. B. C.	valuation a CALL software <u>after</u> the program has been acquired and involves the question of what type of learners it would suit the question of whether this software was a success and the action is not to use it at all with current learners. <u>the question of whether this software was a success and the action is to use it or not with current or other</u>

	help you decide what to eat for breakfast	
	help you give the software to your learners	
	materials Evaluation <u>prior</u> to purchasing them	
	will not help you decide whether to buy them or not.	
В.	will help you decide whether to buy them or not.	
	will make you unsure whether to buy them or not.	
	will help you design a similar software.	
	realm of CALL, it is especially necessary for teachers to be good at because there is a lot of poor	
	ls/software about.	
А.	evasion	
В.	evaluating	
C.	evacuation	
D.	invitation	
040. In CA	LL, it is especially necessary for teachers to be	
А.	good at negotiating because there is a lot of poor materials about.	
В.	good at buying because there is a lot of great materials about.	
C.	good at evaluating because there is a lot of poor materials about.	
D.	good at programming because there is a lot of poor materials about.	
041. Teach	ers should be good at CALL software because there is a lot of poor materials/software about.	
А.	evading	
В.	evacuating	
C.	evaluating	
D.	invading	
042. Curric	ulum designers who evaluate to choose a suitable coursebooks for a course are less likely to extend this activity to CALL,	
so this	job is	
А.	left to the teacher to do.	
В.	left to the students to do.	
C.	left to the parents to do.	
D.	left to the lazy students to do.	
	urriculum designers who evaluate to choose a suitable coursebooks for a course are	
А.	more likely to extend this activity to CALL, so this job is left to the teacher to do	
В.	likely to extend this activity at all and job is to do by those designers	
C.	less likely to extend this activity to CALL, so this job is left to the teacher to do	
D.		
	ulum designers are less likely to extend this activity to CALL, so this job is left to the teacher to do.	
	who evaluate to choose an irrelevant curse books for a horse	
В.	who immaculate to lose a suitable coursebooks for a course	
C.	who evaluate to choose an unsuitable coursebooks for a course	

D. who evaluate to choose a suitable coursebooks for a course	
045. A 'CALL software' can involve any software or programs potentially usable by	
A. Soldiers in the battlefield	
B. language learners in connection with learning/teaching	
C. news presenters.	
D. All the above.	
046. A ' <i>CALL software</i> ' can involve any software/programs that can be usable by	
A. language calling in disconnection with learning/teaching	
B. luggage firming in connection with lingering/singing	
C. news presenters.	
D. language learners in connection with learning/teaching	
047. 'CALL software' can involve any software/programs that can usable by	
A. language learners in connection with learning/teaching	
B. language calling in disconnection with learning/teaching	
C. luggage firming in connection with lingering/singing	
D. language teachers in connection with salary and payments	
048. What we call a 'CALL software' can involve any software or programs that is	
A. potentially unusable by language leaders in connection with learning/teaching	
B. Personally usable by soldiers in connection with killing/bombing.	
C. potently useless for language teachers in connection with reading/feeding	
D. potentially usable by language learners in connection with learning/teaching	
049. CALL software is often analogous to	
A. an individual exercise or task in a book	
B. musical instrument	
C. delicious food at a restaurant	
D. short story	
050. A CALL software is usually analogous to	
A. collective exercises or tasks in a book	
B. an individual training or coaching in a porker	
C. an individual exercise or task in a computer	
D. <u>an individual exercise or task in a book</u>	
051. Unlike a program which can usually give some response to the users dependent on what they click or type in a book	
A. <u>is not typically dynamic or interactive</u>	
B. is typically dynamic or interactive	
C. typically has video clips and animated graphics	
D. all the above	
052. A book, unlike a program	
A. typically has video clips and animated graphics	

B.	is not typically dynamic or interactive
Б. С.	is typically dynamic or interactive
D.	all the above
	e a program, a book
	is not typically die manic or enter a captive
	typically has video clips and animated graphics
	is not typically dynamic or interactive
	is typically dynamic and interactive
	e a CALL software or a program which can usually give some response to the users, a book
	is also dynamic and interactive
	is similarly dynamic or interactive
C.	is not typically seismic or deductive
	is not typically dynamic or interactive
	k compared to a CALL software which can involve sound as well as pictures, diagrams and text all in the same
packag	
А.	is full of multimedia items
В.	is limited in its media capability
С.	has various interactive exercises and media capability
D.	limitless in its media capability
	k compared to a CALL software.
А.	is full of multimedia items
	<u>is limited in its media capability</u>
	has various interactive exercises and media capability
	limitless in its media capability
057. The us	se of written materials such as eyes and a desk to put them on; CALL, by contrast, requires computer, network
access,	
А.	requires a lot of prerequisites
В.	a large number of prerequisites
C.	few technological prerequisites
	None of the above
-	written materials requires few technological prerequisites such as eyes and a desk to put them on; CALL, by contrast,
require	
	commuters and work access
	computers and network access
	computers and network denial
	consumer and network access
	nguage content of material in a is essentially unalterable, while some CALL software allows 'authoring': i.e. the
teacher	can put in his/her own choice of text, words etc.

А.	<u>Coursebook</u>	
В.	CALL software	
C.	Laptop	
D.	None of the above	
060. Langu	uage content of material in a coursebook is essentially unalterable, while some CALL software allows	
A.	'favoring'	
В.		
C.		
D.	'oaths'	
061. Langu	guage content of material in a coursebook is essentially	
А.	alterable, while some CALL software does not allow 'authoring'	
В.	unbearable, while some CALL software prevents 'authoring'	
C.		
D.	,	
062. Some	e CALL softwares allow 'authoring': i.e.	
A.	the teacher can put in his/her own choice of food, drinks etc.	
В.	the teacher can not put in his/her own choice of text, words etc.	
C.	the football player can put in his/her own choice of goals, matches etc.	
D.	the teacher can put in his/her own choice of text, words etc.	
063. The th	three key aspects of CALL that need consideration are	
A.	Money, guns and house.	
В.	Development, Usage and Evaluation.	
C.	Water, soil and air.	
D.		
064. The th	three key aspects of CALL that need consideration are	
A.	light, sand and water.	
В.	destruction, sewerage, and validation	
C.	refutation, sugar and revolution.	
D.	development, usage and evaluation.	
065. CALI	L software can be defined as	
А.	Any software available in the market accessible to all	
В.	Any anti-virus software that is free or shareware	
C.		
D.		
066. A CA	ALL software is	
А.		
В.		
C.	any potential summer ware usable by lotion leakers in connection with learning.	

C. any potential summer ware usable by lotion leakers in connection with learning.

D.	any potential software usable by language learners in connection with learning.		
067. A CALL software is			
А.			
	any potential software usable by luggage carriers in connection with leaning		
	any potential software usable by language learners in connection with learning		
	any potential software usable by lasagna eaters in connection with feeding		
	ation can be defined as		
	Using an application for learning purposes		
	Judging the price of an application		
	Deciding on the fitness of something for certain purposes		
	Assigning the availability of an application		
	efinition of 'Evaluation' is		
	deciding on the fitness of something for certain purposes		
	deciding on the thickness of something for certain purposes		
	deciding on the fitness of something for uncertain purposes		
	dividing the fitness of something for certain purples		
	ation can be defined as		
	Making no Decision on the fitness of something for certain purposes		
	Using an application for learning purposes		
	Judging the price of an application		
D.	Deciding on the fitness of something for certain purposes		
	Lecture 04		
	are using the <i>checklist approach</i> , some key things that you should not forget are

D.	after any consideration of real pedagogical value	
091. Some	aspects of software that need to be looked at separately for evaluation are	
А.	place, ventilation and electricity, etc.	
В.	price, platform and management required, prerequisite software, etc.	
C.	screen protectors, dust protecting covers and chat software like yahoo, skype, etc.	
D.	email account, connection to the internet and IP hiding software, etc.	
092. Some	output features of a CALL software are	
A.	Sound, graphics, video, written fonts, screen layout, etc.	
В.	syntax, linguistics, morphology, etc.	
C.	apples, oranges, vegetables, cheese and meal, etc.	
D.	hard disc, mouse, wires, television, keyboard, etc.	
093. Some	are sound, graphics, video, written fonts, screen layout, etc.	
A.	input features of a CALL software	
В.	output feathers of a CALL hardware	
C.	output features of a CALL software	
D.	output teacher of a CALL software	
	Lecture 06	
094. Accor	ding to (Long & Robinson 1998), previous research has proven that some techniques like highlighting grammatical forms	
	iting them in italicized, bold letters are	
A.		
B.	not effective	
D.		

- C. <u>very effective</u>
- D. partially useless

095. According to (Long & Robinson 1998), previous research has proven that some techniques like *highlighting grammatical forms* and *writing them in italicized, bold letters* are _____.

А.	vary efferent	
В.	not effective	
С.	partially useless	
D.	<u>very effective</u>	
096. Long &	Robinson 1998 show that previous research has proven that some techniques like highlighting grammatical forms and	
written t	hem in italicized, bold letters are	
А.	vary efferent	
	<u>very effective</u>	
	very ineffective	
D.	not effective	
097. Previou	s research, Long & Robinson 1998 shows, has proven that highlighting grammatical forms and writing them in italicized,	
	ers are	
	<u>very effective</u>	
	varied in effectiveness	
	not effective	
	partially useless	
· · · · ·	e argues that CALL software should have the ability to let students as this would help them in internalizing the	
new form		
	see their images	
	notice their success	
	notice their errors	
	notice their progress	
	ng to Chapelle, CALL software should have the ability to let students as this would help them in internalizing	
the new :		
	notice their horrors	
	notice their success	
	notice their errors	
	notice their progress	
	e points out that CALL software as this would help them in internalizing the new form.	
	should not have the ability to let students notice their correct answers	
	should have the ability to let programmers notice their errors disabled	
	should have the ability to let students notice their errors	
	should have the disability to let other designers copy users' errors	
101. Chapell	e argues that CALL software should have the ability to let students 'notice' their errors as this would help them to	
	shift to 'a semantic mode' that aids in internalizing the new form	
	shift to 'a syntactic mode' that aids in forgetting the new form	
C.	shift to 'a syntactic mode' that aids in internalizing the new form	

C. <u>shift to 'a syntactic mode' that aids in internalizing the new form</u>

D. shift to 'a pragmatic mode' that aids in internalizing the old form	
102. According to Borg (1999), error awareness helps students to	
A. use monitors and repeat the same errors	
B. monitor and self-correct their use of language	
C. monitor their teachers use of language	
D. monitor the errors that the software makes.	
103. Borg (1999) points out that error awareness	
A. discourages students from monitoring and self-correcting their use of language	
B. helps students to neglect self-correcting of their use of language	
C. can never help students to monitor and self-correct their use of language	
D. helps students to monitor and self-correct their use of language	
104. When all of the answers are correct, the software displays message in red at the top of the exercise.	
A. 'Incorrect answers'	
B. <u>a 'well done'</u>	
C. a 'poorly done'	
D. a 'wrong answer'	
105. When all of the answers are correct, the software displays message.	
A. 'I will do'	
B. 'Incorrect answers'	
C. <u>a 'well done'</u>	
D. a 'wrong answer'	
106. When all the answers are correct, the software displays	
A. <u>a 'well done' massage</u>	
B. a 'will do' massage	
C. a 'well cooked' message	
D. none of the above	
107. The software displays message in red at the top of the exercise when all of the answers are correct.	
A. an 'Incorrect answers'	
B. a 'poorly done'	
C. <u>a 'well done'</u>	
D. a 'will done'	
108. The coloured in a CALL software is of significance because it helps students focus on form and allows the computer	
to take on the role of the teacher.	
A. <u>feedback</u>	
B. food bag	
C. full bag D. hardback	
D. hardback 109. A colored focus on form and allows computers to take on the role of teachers.	
109. A colored focus on form and anows computers to take on the fole of teachers.	

A.	feedback in a CALL software is of significances because it helps students	
В.	feedback in a book is of significances because it does not help students	
C.	feedback in a CALL is of no significances at all because it helps students	
D.	feedback in a marketplace is of significances because it helps no students	
110. The	in a CALL software is of significance because it helps students focus on form.	
A.	coloured facebook	
В.	colourless full bag	
C.	colourless feedback	
D.	<u>coloured feedback</u>	
111. Accord	ding to Skehan (cited in Chapelle 2001), CALL materials must suit the target learners, and accordingly its tasks should be	
set at a	level that is	
A.	neither too simple nor too difficult	
	too simple	
	too difficult	
D.	too simple and too difficult	
112. Skeha	n points out that CALL materials must suit the target learners, and accordingly its tasks should be set at a level that is	
	neither to sample nor too deaf cult	
	either too simple and too difficult	
	neither too cymbal nor two difficulties	
	neither too simple nor too difficult	
113. Skehar	<i>n</i> points out that CALL materials must suit the target learners, and accordingly its tasks should be set at a level that is	
	neither too simple or too difficult	
	too simple and too difficult	
	neither too simple nor too difficult	
	neither too complicated nor too easy	
	ding to Skehan, CALL materials must at a level that is neither too simple nor too difficult	
А.	suit the source learners, and accordingly its meaning should be set	
	suit the target teacher, and accordingly its tasks should not be set	
<u>C</u> .		
	suit the target average person, and accordingly its tasks should be set	
115. Accord	ding to Chapelle (2001), refers to the degree of 'beneficial' focus on form that the software provides to its	
learners		
A.	Language Learning Potential	
	Travelling abroad	
C.	buying a new car	
D.	completing your Master degree	

116. Chapelle (2001), shows that refers to the degree of 'beneficial' focus on form that t		
A. completing your master degree		
B. <u>language learning potential</u>		
C. luggage carrying potential		
D. lingering lozenge potential		
117. According to Chappelle (2001) refers to the degree of 'beneficial' focus on form the	at the software provides to its	
learners.		
A. <u>language learning potential</u>		
B. luggage carrying potential		
C. language teaching potential		
D. lasagne teaching rotational		
118 contribute to 'input enhancement' of a CALL software.		
A. Food and drink		
B. <u>Colourful, animated picture and the quizzes</u>		
C. Colourless and bad-looking pictures		
D. Coffee and cakes		
119 can contribute is 'input enhancement' of a CALL software.		
A. Cupful, coffee, cakes and quizzes		
B. <u>Colorful, animated pictures and the quizzes</u>		
C. Food, drink and the quizzes		
D. Colourless, bad-looking pictures and the quizzes		
120. The contribute to 'input enhancement' of a CALL software.		
A. Food and drink		
B. Colourful green ideas		
C. Colourless and bad-looking pictures		
D. <u>None of the above</u>		
121. Chapelle (2001) and Skehan (1998) suggest some conditions which might characterise a task	that draws learners' attention to the	
form; these conditions are		
A. 'modified action and 'modified output'		
B. <u>'modified interaction' and 'modified input'</u>		
C. 'mortified interaction' and 'notified input'		
D. 'codified interaction' and 'modified inlet'		
122. Chapelle (1998) argues that if the input has been made salient	من اسئلة الفصل الأول لعام ١٤٣٦ - ٢٣٧ ٩ هـ	
A. <u>it will help with language learning.</u>	تم معرفة ذلك من موضوع الانطباع عن الاختبار لذلك الفصل.	
Lecture 08		

123. Some users of corpora are ______A. Dictionary makers, computational linguists and descriptive grammarians.

В.	. Stylisticians and teachers making class tasks.	
	. Sociolinguists, language learning researchers and writers of teaching syllabuses	
D.		
124. Corpo	bora users can be	
	. sociolinguists, language learning researchers and writers of teaching syllabuses	
	dictionary makers, computational linguists and descriptive grammarians.	
	. Stylists and teachers making class tasks.	
	all the above	
125. Users	s of corpora can be	
A.	. dictionary makers and descriptive grammarians	
В.	. Stylisticians and Sociolinguists	
	. computational linguists and language learning researchers	
	all the above	
126. A cor	prpus is	
А.	. Stored information	
В.	. Stored images and videos	
C.	Stored collection of language data	
D.	. Stored files and folders	
127. The te	term refers to stored collection of language data	
A.	. copious	
В.	. cobras	
C.	. <u>corpus</u>	
D.	. crocus	
	is a collection of language material, made in some principled way, either on tape or written in hard copy (e.g.	
	s, student essays) or in electronic form.	
A.	. Computer software	
В.	. CALL	
	. <u>Corpus</u>	
	. Judgemental stage	
	is a program which generally runs through the text (or a precompiled index to the text)	
	. Search corpora	
	. A search engineer	
C.	. A search dentine	
D.		
	ose the correct sentence:	
А.	. Descriptive grammarians improve their prescriptions to fit the facts of how we should use constructions.	
В	Descriptive grammarians disapprove their prescriptions to mismatch the facts of actual use of constructions	

B. Descriptive grammarians disapprove their prescriptions to mismatch the facts of actual use of constructions.C. Descriptive stylisticians improve their descriptions to fit the facts of actual use of constructions.

D.	Descriptive grammarians improve their descriptions to fit the facts of actual use of constructions.	
131. Comp	utational linguists can show	
	if their grammatical parsing programs will work on unnaturally occurring luggage	
	if their descriptions will fit the facts of actual use of constructions.	
C.	if their grammatical parsing programs will work on naturally occurring language	
	if their words are actually used, and how often, and how to improve dictionary entries.	
132.	find out how words are actually used and improve dictionary entries.	
A.		
B.	Descriptive grammarians and Stylisticians	
C.	Sociolinguists	
D.	Computational linguists	
	Lecture 10	
133. The p	urpose of the investigation in Corpus Linguistics can be	
	to describe an aspect of language or compare different styles or authors etc.	
B.	to do more exploratory research.	
C.	to check on past finding or a theory-based prediction in some area of language study.	
D.	all the above.	
	Lecture 11	
	stands for the	
A.	British National Companies	
В.	The Brazilian network Corpus	
C.	The Brazilian National Corpus	
D.	The British National Corpus	
	stands for the	
A.	The Brazilian National Copious	
В.	The British National Corpus	
C.	The Bromwich Network Corpus	
	Bullish National Companies	
136. The B	ritish National Corpus (BNC) is a word collection of samples of written and spoken language from a wide range	من اسئلة الفصل الأول لعام ١٤٣٦ ـ ١٤٣٧هـ
of sour		تم معرفة ذلك من موضوع الانطباع عن الاختبار
А.	500 million	لذلك الفصل.
В.	100 million	
C.	400 million	
D.	600 million	
	Lecture 12	
137. The S	cientific Goal of NLP identifies the needed for an agent to exhibit various forms of linguistic behavior.	
A.	Living expense	

В.	Most appropriate time
D. C.	The best business company
D.	Computational machinery
	Scientific Goal identifies the computational machinery
130. IVLI L	needed for an auger to exhibit a single form of linguistic behavior.
A. B.	needed for an agent to exhibit various forms of linguistic behavior.
В. С.	needed for an agent to conceal all forms of linguistic behavior.
D.	needed for an agent to exhibit vigorous forms of lingering behavior.
	ILP Scientific Goal identifies the needed for an agent to exhibit various forms of linguistic behavior.
	communal machinery
В.	most appropriate time
	computational machinery
D.	the best business company
	h processing, machine translation, question answering and summarization are
	some applications of weapon industry
C.	psycholinguistic analysis
D.	natural language processing
141. speec	h processing, summarization, machine translation, and question answering are
	some applications of unnatural language processing
	some applications of natural luggage processing
C.	some applications of natural language processing
	some applications of natural lasagna possessing
	ine translation, speech processing, question answering and summarization are
	some applications of weapon industry
C.	some applications of psycholinguistic analysis
D.	some applications of natural language processing
143. The _	Of NLA designs, implements, and tests systems that process natural languages for practical applications
А.	Scientific goal
В.	Financial goal
C.	Engineering goal
	Indirect goal
	Ingineering goal of NLA system that process natural languages for practical applications.
А.	designs,
В.	implements,
C.	tests
D.	All the above
	•

145 5 5		
	ngineering goal of NLA designs, implements, and tests system that	
	process natural languages for practical applications	
B.		
С.	process unnatural languages for practical applicants	
D.	process unnatural languages for theoretical applications	
	l language processing can best be applied in the field of	
A.	Human rights	
B.	Computational linguistics	
C.	Photoshop	
D.	Painting	
	eld in which can best be applied is computational linguistics.	
	Natural Language Processing	
B.	Unnatural Language Processing	
C.	Natural Luggage Processing	
D.	Natural Lasagna Possessing.	
148. Natura	l language processing can best be applied in the field of	
А.		
В.	consumer linguistics	
С.	Computational lug gauges	
	Computational linguistics	
	Idy Natural Language Processing because	
А.	it helps in communication with computers	
В.	it helps in communication with people	
C.	it offers insights into language	
D.	All the above	
150. Choos	e the incorrect sentence.	
	NLP is studied because it does not help in communication at all	
В.	NLP is studied because helps in communication with computers	
C.	NLP is studied because it helps in communication with people	
D.	NLP is studied because it offers insights into language	
	Lecture 13	
151. In gran	nmar, a 'tree bank' refers to	
	A bank where you can deposit orange trees	
	A financial institution where you can deposit money	
C.	A collection of grammatical sentences	
D.	A collection of parsed sentences	
152. A 'tree	bank' refers to	
	A tree with different fruits	
21	iSeeU Pag	(09-04-2016)

B. <u>A collection of parsed sentences</u>	
C. A tree close to the bank	
D. A collection of grammatical sentences	
153. Choose the sentence that exhibits ambiguity.	
A. I go fishing every Monday.	
B. I like fishing in the river.	
C. <u>I can fish</u>	
D. Fishing in the river is interesting	
154. Which of the following sentences involves ambiguity?	
A. Fishing in the river is interesting	
B. They go fishing every Monday.	
C. He likes fishing in the river.	
D. <u>None of the above</u>	
155. Which of the following sentences involves ambiguity?	من اسئلة الفصل الأول لعام ١٤٣٦ ـ ١٤٣٧هـ
A. <u>I saw the elephant in my pajamas</u>	تم معرفة ذلك من موضوع الانطباع عن الاختبار
