Thesis Statement

Title:

The Impact of Active Learning in Developing Learning English Vocabulary for First Year Intermediate School Students in Dammam

Description:

The last few years have seen an acceleration of scientific, and technological progress, resulting in the face of education for many challenges as a result of dramatic changes in knowledge, and information. Therefore, had to be modern methods for the development of education, which focuses on the role of the learner that is the center of the educational process. So in this research, I'll focus on the effect of active learning in assisting students at the First Year in Intermediate School in Dammam to learn English vocabulary.

Tools& Methodology:

There will be an interview with 6 English teachers at this school, and give them some questions, and also we'll do questionnaire with 10 students in First Year Intermediate school in Damam city, Kingdom of Saudi Arabia, And finally, we give them a small gift.
